

July 2019

## CIB Co-Sponsored Call for Abstracts EXTENDED DEADLINE BEYOND 2020, World Sustainable Built Environment (WSBE) Conference

On 9th – 11th June 2020 Gothenburg (Sweden) will host the next edition of the World Sustainable Built Environment conference (WSBE 2020), called BEYOND 2020. The conference is organised by Chalmers University of Technology and RISE (Research Institutes of Sweden), with the support of Johanneberg Science Park and Gothenburg City.

The Organising Committee of BEYOND 2020 announces an extended deadline for its call for abstracts.

The Scientific Committee is seeking contributions that can help in reaching the overall ambition of the conference: to collectively formulate a transformational plan and a set of commitments for the built environment to support the implementation of the UN Sustainable Development Goals.

Authors can be inspired by a wide range of [thematics](#) centred around the main theme of the conference, SDG number 11 “Sustainable cities and communities” as well as [10 other SDGs](#) selected for the conference.

### Call for Abstracts EXTENDED DEADLINE

The call for abstracts is now open until:  
**14<sup>th</sup> August 2019.**

More information about the abstract submission is to be found [here](#).

The contributions being sought need to address identified challenges and demonstrate approaches and innovations that begin to solve these challenges.
