

June 2020

Joint CIB W099 & TG59 International Good Health, Wellbeing & Decent Work Conference

Glasgow 10th September 2020

We had previously advised you that, due to the uncertainty around the Coronavirus COVID 19, the conference was to be postponed till next year, with a one-day web event in September this year. We can now confirm that the web event will be held **Thursday 10th September 2020**.

This will include some keynote speakers and will be a **FREE** event. Details will be published nearer the time and on our conference [website](#).

In addition, we are seeking interest from those who would like to still have a paper published in formal proceedings. We appreciate that some of you may already have a paper ready to publish and are looking for a worthy outlet. We are proposing a small fee of £15 (GBP) – one fee for up to three papers - to cover this, and would also offer you the opportunity to upload a 10 minute presentation of your paper for delegates to view prior to the web event. This would then inform discussion on the day of the event. There will be at least two prizes on offer for best papers (the Jimmie Hinze best paper and a best student paper) which would come with the offer to present the paper during the web event.

Deadline: Monday 22nd June if you wish to submit a full paper.

- Full paper submission: 17th July
- Feedback: 7th August
- Camera ready paper and video submitted: 24th August

Finally, we are pleased to inform you that ARCOM are proposing a rescheduled 'face-to-face' conference in Glasgow September 2021. Therefore, it is our intention to do the same and run a W099/TG59 later the same week in September 2021 as per our original plan.

Thank you for bearing with us during these uncertain times, if you have any questions please [email](#). We hope you can join us virtually in September and in person next September.

For more information about the CIB Commission **W099 Safety Health & Wellbeing in Construction** is to be found [here](#) and of **TG59 People in Construction** is to be found [here](#).
